Out of Sight • Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all businessmen. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

*

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

STATESVILLE, N. C.

IREDELL COUNTY

PREFACE

POPULATION: 1954 estimate population 18,000 within corporate limits and approximately 22,000 in metropolitan area.

RAILROADS: Southern and Alexander Railroad Companies.

HIGHWAYS: State Routes, Nos. 10, 26, 90 and 115. U. S. Routes, Nos. 21, 64 and 70.

AVERAGE RAINFALL: 46.99.

AVERAGE TEMPERATURE: 59.30.

ELEVATION: 960 feet.

LOCATION

The City of Statesville is located in Western North Carolina, midway between Virginia and the South Carolina state line. It is the county seat and practically in the center of Iredell County which lies in the heart of the Piedmont industrial section of North Carolina. Charlotte is 40 miles to the south while Raleigh, the state capital, is 150 miles to the east. The surrounding country is high, rolling, well drained; drainage empties into the Catawba River some 10 miles to the Southwest. A perfect network of national and state hard surface highways radiate from Statesville, including routes from the Atlantic to the West Coast, Great Lakes to Florida, to Blowing Rock and mountain sections, and all points in and out of the state.

Bus service furnished by the Queen City Coach Company, Atlantic Greyhound and Parkway Bus Lines provide 76 daily schedules in all directions out of Statesville. City wide bus service by Statesville Motor Coach Company operating seven busses provide schedules 15 hours daily with special daily schedules to Troutman, Union Grove, Harmony and Taylorsville. Numerous motor truck lines operating out of and through Statesville, together with the Railway Express Company, provide frequent and rapid freight and express service.

CLIMATE

Statesville and the surrounding country enjoy the splendid climatic conditions of the well-known Piedmont Section. The high plateau, protected by mountain ranges, provide a mild even climate, free from prolonged extremes of temperature, with generous but not excessive rainfall. There is no interference with outdoor activities from freezing

or snowfall. Destructive winds are practically unknown. The elevation and temperature combine to provide healthful living and industrial conditions.

BUSINESS INSTITUTIONS

Two state banks serving the local commercial and industrial requirements with an industrial bank for individual needs show resources of $22,456,803.39. In addition two building and loan associations have resources of $3,620,766.06 available for home and business construction. Some 300 retail and service establishments serve the city and a wide surrounding area.

RAIL TRANSPORTATION

Rail transportation service is afforded by the Southern Railway System and the Alexander Railroad. Connections at Spencer Transfer 30 miles to the east provide quick freight service to all the principal markets and to the southern coastal cities. Passenger train service is provided by convenient schedules. Excellent undeveloped industrial sites are available within or immediately outside the city limits with all utility services, highway and railway advantages.

LABOR

A splendid type of labor is available in this section. Over 100 manufacturing industries employ a large number of labor, male and female. A wide range of skilled classifications are included, for the reason that present industrial activities are widely diversified. However, the larger portion of the workers are experienced in textiles or woodworking, these being the predominating industries at present. The basic industry of Iredell County is farming and with the advent of the Carnation Condensery in 1939, dairying and cattle breeding has become a major agricultural industry.

A large potential labor supply is available in Statesville and immediate surrounding communities. Unskilled workers from this vicinity because of unusual intelligence are easily trained and make dependable, skilled workers. New industries can be staffed without importing workers from a distance. There is no labor disturbance or agitating elements in this area; destructive strikes are unknown. Manufacturing wages of course conform with the various national codes.

ELECTRIC POWER

Electric current for power and light is furnished to domestic and industrial users of Statesville from the vast power developments of the Duke Power Company with distribution through the City's Light and Power Department, up to and including 43,200,000 K. W. H. for the year of 1953. Power is brought into Statesville over three transmission lines

(Continued on Page 10)

(Continued From Page 9)

owned by the Duke Power Company and distributed over a new city electrical system costing over three-quarters of a million dollars.

FUEL

Coal for industrial purposes is available to Statesville from the Tennessee, Kentucky and West Virginia fields. Gas for domestic and industrial use is available through the Public Service Company of North Carolina from their local plant.

WATER SUPPLY

The city's water supply is taken from near-by streams, from which it is pumped to settling basins. The water after filtering passes to an elevated stand-pipe of 1,000,000 gallons capacity. Present capacity of water plant is 3,500,000 gallons daily with 1,000,000 storage at plant.

SANITATION

Sewage facilities have now been extended to every section of the city and some areas outside the city. There are three lift stations and a modern sewage disposal plant, adequate for years, which treats and filters the sewage.

Scheduled garbage service, free of charge, is trucked out of city where it is buried in a sanitary fill.

TAXES

The city and county tax rates in effect in Statesville are moderate when the services to its citizens are considered. The city rate is $1.30 and the county $1.30 per hundred on an assessed valuation equivalent to 75 percent of estimated 1941 level. No special taxes. (1953 val. $26,802,657).

EDUCATION

An excellent public educational system is maintained in Statesville. The grammar schools are housed in three modern, fire-proof buildings; fully accredited high school and junior high school housed in their own up-to-date buildings. Two schools are provided for those of the colored race. The total enrollment in these schools is 3,051 which is cared for by a teaching staff of 116 people. Statesville is the seat of Mitchell College, a co-educational institution sponsored by the Presbyterian Church and now in its 93rd year.

CHURCHES

All the principle religious faiths are represented by churches in Statesville for both white and colored citizens.

ATTITUDE TOWARD INDUSTRY

The City of Statesville is an old established community, its charter being dated January 9, 1847. While it is the present home of a number of old and important industrial enterprises, its alert citizenry are alive to the advantages of further industrial development and the opportunities

available here for new industrial activities. Prospective industrial undertakings will find local business men, as represented by an active, fully staffed Chamber of Commerce, eager to extend intelligent cooperation. No local governmental restrictions or handicaps are placed in the way of new enterprises, but on the other hand local government and business officials cooperate in planning favorable industrial surroundings.

CITY GOVERNMENT

The municipal government of the City of Statesville is maintained on the Council-Manager Plan, its body being composed of six Aldermen in addition to the Mayor. The city government protective services include well organized Police and Fire Departments, housed in new, modern building. The police force is composed of twenty-five full time paid day and night men selected through Civil Service appointment. The fire department maintains thirteen paid men and a volunteer corps. The equipment consists of two American-La France 1750 gallon combination pumpers, one Dodge 500 gallon pump and 400 gallon storage tank, one Dodge ladder truck and one American-La France hook and aerial ladder truck.

There are 340 fire hydrants in which full water pressure is constantly maintained. The city maintains some 54 miles of paved streets, complete with sidewalks. White way lighting is maintained on main street, and adequate lighting is provided throughout the city.

FOR DETAILED INFORMATION, address R. D. Warrick, General Manager, Statesville Chamber of Commerce, Statesville, N. C.

WHEN YOU WANT TO KNOW:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Southern Directory Co. Asheville, N. C.

A Business Must Be Built

●

Builders need material to build with.

"Material" for Building a Business may be obtained from this Directory.

Build up your list of prospective customers by checking the Classified Business Lists in this book for those who should use your product.

●

SOUTHERN DIRECTORY CO.

PUBLISHERS

15 RANKIN AVENUE

ASHEVILLE, N. C.

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond our own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication can or does.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

Classified Business Directory
—OF—
STATESVILLE, N. C.

VOL. XX 1954-1955 VOL. XX

NOTE—Patronize those whose names are in large type, for they are the progressive ones, and generally leaders in their line.

☞ Index appears in front of special business headings only, for which an extra charge is made.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

Street Directory

—OF—

STATESVILLE, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

VOL. XX 1954-1955 VOL. XX

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(◉)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

If a box is not near you, call FIRE DEPARTMENT and give exact location of Fire. The Call Box Number is determined by the slight pause in the alarm between the numerals; for instance two alarms, pause, one alarm, pause, three alarms means the call is from Box 213. The first call number can be quickly located, as the 1s, 2s, 3s, etc., are grouped together on this page. The full alarm is repeated four times with long pause between each full alarm.
